Scorecards

See also State legislative scorecards and State legislator scorecards in Oklahoma

A scorecard evaluates a legislator's voting record. Its purpose is to inform voters about the legislator's political positions. Many groups score votes from varying purposes and ideologies, such report should be considered on its own merits. For example, an advocacy group's scorecard may assess a legislator's record on issues that are issue-wide; a trade newspaper's scorecard may evaluate the voting record by votes.

Ballotpedia is in the process of developing an encyclopedic list of published scorecards. Some states have more scorecards than others, and some have more than others. Ballotpedia's goal is to be the most comprehensive source for scorecards of legislative voting records.
