2016

Weissman's campaign website highlighted the following issues:[11]

- Jobs & Economic Growth - When every person working week can find a job that pays a living wage, our economy will be strong and our families secure.
- Government Transparency - Government belongs to the people, regardless of political affiliation - have the right to expect their government to operate in an open and transparent manner, free of corruption.
- Government Accountability - Public officials are elected and hired to serve their elected officials.
- Healthcare - Colorado's healthcare system must be budget - or tax dollars - responsible.
- K-12 Education - Providing high quality public education to all citizens regardless of what level or city you live in should be one of the basic goals of our state.[12]

Scorecards

See also: State legislative scorecards and State legislative scorecards in Colorado

A scorecard evaluates a legislator's voting record. Its purpose is to inform voters about the legislator's political positions. Because scorecards have varying purposes and methodologies, each report should be considered on its own merits. For example, an interest group may choose to score legislators on issues it considers voting record is important, but other interested groups may instead want to evaluate the voting record on issues they consider important.

Ballotpedia is in the process of developing a scorecard of Colorado scorecards. Some states have a limited number of scorecards, and Ballotpedia's goal is to include all scorecards. Ballotpedia's goal is to include all available scorecards, regardless of the topic or ideology.
