Walsh's campaign website highlighted the following issues:

And as your next Assemblywoman, I will always do what's right:

- Fight for lower property taxes, so middle class families can keep more of their hard-earned money
- Oppose free college tuition for illegal immigrants and convicts, while increasing financial aid for middle class families
- Repeal Common Core and return control to our local schools
- Support term limits
- Fight for tax reform and simplicity in Albany
- Across the board tax cuts and reduce regulatory burdens on businesses so our economy can grow
- Protect and restore our Second Amendment rights!"[8]

Scorecards

See also: State legislative scorecards and State legislative scorecards in New York

A scorecard evaluates a legislator's voting record. Its purpose is to inform voters about the legislator's political positions. Because scorecards have varying purposes and methodologies, each report should be considered on its own merits. For example, an advocacy group's scorecard may assess a legislator's voting record on one issue while a state newspaper's scorecard may evaluate the voting record for liability.

Ballotpedia is in the process of developing an encyclopedic list of published scorecards. Some states have a limited number of scorecards available, while others have a number too extensive for only select groups. It is Ballotpedia's goal to incorporate all available scorecards into one list of rankings or number.
