Scorecards

See also State legislative scorecards and State legislative scorecards in Missouri

A scorecard evaluates a legislator's voting record. Its purpose is to inform voters about the legislator's positions. Organizations may choose to score votes on pending ballot measures and proposed legislation, which are important but not considered as votes on merits. For example, an advocacy group's scorecard may assess a legislator's voting record on one issue while a state newspaper's scorecard may evaluate the voting record in its entirety.

Ballotpedia is in the process of developing an encyclopedic list of published scorecards. Some states have a limited number of scorecards, while others have a robust number. Ballotpedia will verify select groups. If a Ballotpedia page is incorrect or unavailable, please contact us at editorial@ballotpedia.org.
