Scorecards

See also: State legislative scorecards and State legislative scorecards in Missouri

A scorecard evaluates a legislator's voting record. Its purpose is to inform voters about the legislator's political positions. Because scorecards serve varying purposes and methodologies, each report should be considered on its own merits. For example, an advocacy group's scorecard may assess a legislator's voting record on one issue while a state newspaper's scorecard may evaluate the voting record in its entirety.

Ballotpedia is in the process of developing an encyclopedic list of published scorecards. Some states have a limited number of available scorecards, while others have scorecards produced only by select groups. It is Ballotpedia's goal to incorporate all available scorecards regardless of ideology or partisan.
