information about CEOs and presidents of top Moscow companies, officials and public figures who play a key role in the development of the region. The goal of the project is to create a comfortable information space for all market participants, as well as to acquaint the readership with the business people of Moscow. We have created an impressive database of people in Moscow, which contains information about a career path, education and other important information about a person. Thanks to the automatic calculation of the number of mentions of a person in the news of the sections "Moscow News" and "Moscow Press Releases", a rating of popularity and influence of persons is formed on the portal. The GlobalMSK.ru team monitors rating changes and encourages project participants for their success. In general, the rating of participants is based on an in-depth analysis of the activity of PR services of famous people, and also reflects the qualitative state of the information field formed by the media and press services around the
