MEET **ALAN STEELMAN**

A life journey driven by the family traumas of a difficult childhood have prepared Alan for what he describes as his "special calling": changing lives and saving lives through expert guidance to the anxious, stressed, addicted and pressured. He identifies his personal North Star as deriving from the two mantras he lives by: "be never inhospitable to strangers, they might be angels in disguise" and "whatever... unto the least of them".

Alan is a best-selling author, a former member of the U.S. Congress, a former

Member of the White House Staff, and former Vice-Chairman of Alexander Proudfoot Company. He has been a Chairman of the Dallas Council on World Affairs, a Board Member of Sterling Software (NYSE), Aristocrat Technologies (ASX), and the Texas Growth Fund. He is a graduate of Baylor University, holds a Master's Degree from SMU and was a resident fellow at the Institute of Politics at Harvard University.

His career in politics was marked with distinction. Time Magazine featured him as one of the 200 Emerging Young Leaders in the United States, The Dallas Times Herald said, "he was one of the best ever sent to Congress from Texas." and New Times Magazine named him one of the top ten best Congressmen in the country during his second term.
